## In the Claims:

- 1.(original) A paraffin wax candle composition comprising a mixture of a hard paraffin wax and a soft paraffin wax the hard wax having a penetration value as measured by the Needle Penetration Test as defined in ASTM D 1321 of 16-20 and the soft wax having a penetration value of no less than 45, the composition itself having a penetration value between 30 and 50.
- 2.(currently amended) A composition according to as claimed in claim 1 wherein the soft wax has a penetration value of 50 70.
- 3.(currently amended) A composition <u>according to claim 1</u> as claimed in any one of the preceding claims-wherein the proportion by weight of the soft wax to the hard wax is in the range of 50:50 to 90:10.
- 4.(currently amended) A composition <u>according to</u> as claimed in claim 3 wherein the proportion by weight of the soft wax to the hard wax is about 70:30.
- 5.(currently amended) A composition according to claim 1 as claimed in any one of the preceding claims wherein the melting point of the composition is in the range from 45°C to 55°C.
- 6.(currently amended) A composition <u>according to</u> as claimed in claim 5 wherein the melting point of the composition is about 50°C.
- 7.(currently amended) A composition according to claim 1 as claimed in any one of the preceding claims which contains a microcrystalline wax in an amount of up to 1% by weight.

- 8.(currently amended) A composition <u>according to claim 1</u> as claimed is in any one of the preceding claims which contains polyethylene in an amount up to 1% by weight.
- 9.(currently amended) A composition <u>according to claim 1</u> as claimed in any one of the preceding claims which contains a colouring material in an amount up to 0.5% by weight.
- 10.(currently amended) A composition <u>according to claim 1</u> as claimed in any one of the preceding claims which contains fragrance and/or other air-borne agent or agents in an amount up to 10% by weight.
- 11.(currently amended) A candle comprising a composition <u>according to claim</u>

  <u>1 as claimed in any one of the preceding claims.</u>
- 12. (currently amended) A candle <u>according to</u> as claimed in claim 11 comprising a container in which a candle composition in a liquid state has been poured and set surrounding a candle wick.
